

INCIDENT MANAGEMENT SITUATION REPORT
SUNDAY, JULY 2, 2006 – 0800 MDT
NATIONAL PREPAREDNESS LEVEL 3

CURRENT SITUATION:

Initial attack activity was heavy nationally with 354 new fires reported. 14 new large fires (*) were reported, six in the Eastern Great Basin Area, two each in the Southern and Southwest Areas, and one each in the Western Great Basin, Northern California, Southern California, and Rocky Mountain Areas. Nine large fires were contained, three in the Eastern Great Basin Area, two in the Western Great Basin, and one each in the Northern California, Northwest, Northern Rockies and Southwest Areas. Very high to extreme fire indices were reported in Arizona, California, Colorado, Montana, New Mexico, Nevada, North Dakota, Nebraska, South Dakota, Utah and Wyoming.

The National Interagency Fire Center has deployed two Modular Airborne Fire Fighting Systems (MAFFS) C-130 air tankers from the 145th Airlift Wing based in Charlotte, North Carolina. Mission Commander Lieutenant Colonel Mike Luckie, the air tankers and support personnel are based in Mesa, Arizona.

NORTHERN CALIFORNIA AREA INCIDENTS/LARGE FIRES:

BOULDER COMPLEX, Plumas National Forest. A Type 2 Incident Management Team (Sinclair) is assigned. This Complex is eight miles southwest of Susanville, CA in timber. Recreation sites remain closed. Several residences, commercial properties and out buildings remain threatened. Active surface fire with torching, crowning and spotting was reported. Burnout operations continue.

DEL PUERTO, California Department of Forestry and Fire Protection (CDF), Santa Clara Unit. A CDF Type 1 Incident Command Team (Streblow) is assigned. This fire is west of Patterson, CA in grass and brush. Del Puerto Canyon Road is closed between Interstate 5 and Mines Road. Residences are threatened. Steep, inaccessible terrain continues to hamper containment efforts. Backing fire was reported. Burn out operations continue.

HAPPY COMPLEX, Modoc National Forest. A Unified Command has been established between a Type 2 Incident Management Team (Paul) and the California Department of Forestry and Fire Protection (Burke). This Complex is three miles northwest of Adin, CA in logging slash. Commercial property and utility infrastructure remains threatened. Burnout operations continue.

MILLER COMPLEX, Modoc National Forest. A Type 2 Incident Management Team (Walker) is assigned. This Complex is eight miles north of Adin, CA in timber and grass. Minimal fire activity was reported.

BATTALION 1 LCA, California Department of Forestry and Fire Protection (CDF), Lassen-Modoc Unit. This fire includes the Battalion 4 LCA and the previously reported Battalion 3 LCA fires. This fire is 15 miles west of Adin, CA in timber, brush and grass. The Timber Jacks Lake Area remains potentially threatened.

PLUMAS LIGHTNING, Plumas National Forest. This fire is in Plumas County, CA in timber. Higher temperatures and lower relative humidities are hampering containment efforts. No further information was received.

YOLLA BOLLY COMPLEX, Mendocino National Forest. A Fire Use Management Team (Perkins) is assigned. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. Torching and active fire spread was reported.

NOD – Northern California Resource Area, Bureau of Land Management

SOUTHWEST AREA INCIDENTS/LARGE FIRES:

TIGER-ROCK, Prescott National Forest. A Type 1 Incident Management Team (Whitney) is assigned. This fire is southeast of Crown King, AZ in grass and heavy brush. Horsethief Lookout and several residences are threatened. Limited access is making containment difficult. The fire received some precipitation. Smoldering was observed.

WARM, Kaibab National Forest. A Type 2 Incident Management Team (Reinarz) is assigned. This fire is three miles south of Jacob Lake, AZ in ponderosa pine and hardwood litter. Highway 67 from Jacob Lake to the North Rim of the Grand Canyon remains closed to the public. Steep terrain continues to hamper containment efforts. The fire received some precipitation, moderating fire behavior. Low intensity ground fire was reported.

WHITE HILLS, Phoenix Field Office, Bureau of Land Management. A Type 2 Incident Management Team (Goheen) has been ordered and will assume command today. This fire is near Lake Mead, AZ in grass and brush. Numerous residences are threatened. Active fire behavior on all fronts with significant runs was reported.

BEAR, Gila National Forest. A transfer of command from a Type 2 Incident Management Team (Lund) to the local unit will occur today. This fire is 15 miles northeast of Glenwood, NM in mixed conifer. Smoldering in the heavy fuels was reported.

BEAR PAW, Santa Fe National Forest. This fire started on state land three miles northeast of Regina, NM in ponderosa pine and litter. Smoldering in the heavy fuels continues. The north side of the fire received significant rainfall.

MEDUSA, Flagstaff District, Arizona Department of Lands. This fire is three miles north of Hillside, AZ in grass. No further information was received.

NAVAJO MOUNTAIN 1, Navajo Regional Office, Bureau of Indian Affairs. This fire is 36 miles northeast of Page, AZ in timber. No new information was reported.

HACKBERRY, Tonto National Forest. This fire is six miles northeast of Punkin Center, AZ in grass and brush. Low to moderate fire behavior was observed. The fire is being managed in a confine contain strategy.

EASTERN GREAT BASIN AREA INCIDENTS/LARGE FIRES:

BULL COMPLEX, Cedar City Field Office, Bureau of Land Management. A Type 1 Incident Management Team (Martin) is assigned. This complex is 25 miles northwest of St. George, UT in grass, brush, pinyon pine and juniper. Numerous residences and Enterprise Reservoir Campground are threatened. The community of Gunlock has been evacuated. Powerlines and natural gas pipelines were shut down. Thunderstorms continue to produce erratic winds, hampering containment efforts. Very active fire behavior was reported.

JACOB, Arizona Strip Field Office, Bureau of Land Management. This fire is 40 miles southeast of St. George, UT in grass and shrub. Structures are threatened. The fire made significant runs to the north and south.

BABOON, Southwest Area, Utah Division of Forestry Fire and State Lands. This fire is 19 miles north of Cedar City, UT in grass, pinyon pine and juniper. Fire behavior was extreme, including short range spotting and flame lengths up to 40 feet.

CRICKET SEAT, Richfield Field Office, Bureau of Land Management. This fire is 13 miles west of Fillmore, UT in grass, sage and juniper. Steep and rocky terrain is impeding containment efforts. Passing thunderstorms contributed to active fire behavior which included running, torching and spotting.

BIRTHDAY, Arizona Strip Field Office, Bureau of Land Management. This fire is 38 miles north of St. George, UT in pinyon pine, juniper, grass and Joshua trees. One structure and a wilderness

area are threatened. Erratic winds from passing thunderstorms contributed to extreme fire behavior.

SCORPIO, Salt Lake Field Office, Bureau of Land Management. This fire is 20 miles southeast of Park Valley, UT in grass, sagebrush and light juniper. The remote location is impeding containment efforts. Very active fire behavior with isolated torching and running was reported.

HOWELL PEAK, Richfield Field Office, Bureau of Land Management. This fire is 72 miles west of Delta, UT in grass and scattered sagebrush. Fire is active on the southern flank, with smoldering and isolated torching observed. This will be the last report unless new information is received.

WESTERN GREAT BASIN AREA INCIDENTS/LARGE FIRES:

SUZIE, Elko Field Office, Bureau of Land Management. A Type 1 Incident Management Team (Stanich) is assigned. This fire is three miles northeast of Carlin, NV in grass and sagebrush. Fire activity was limited to creeping and smoldering.

SIERRA TAHOE COMPLEX, Carson City Field Office, Bureau of Land Management. A Type 1 Incident Management Team (Muir) is assigned. This complex, consisting of the Balls Canyon, Palimino, Oregon, Linehan, Olinghouse, Copper Mountain and Virginia fires, is ten miles northwest of Reno, NV in grass, sagebrush, pinyon pine and juniper. Smoldering and interior torching were observed in the interior of the Balls Canyon fire.

SNEEKEE, Elko Field Office, Bureau of Land Management. A Type 2 Incident Management Team (Berndt) is assigned. This fire is 20 miles southwest of Spring Creek, NV in grass, pinyon pine and juniper. Minimal fire behavior was observed. Increase in acreage is due to more accurate mapping.

VEGAS, Desert National Wildlife Refuge. This fire is 50 miles northeast of Las Vegas, NV in grass and brush. Mormon Well Road is closed. Threatened and endangered species habitat remains threatened. Moderate fire behavior was observed.

GASS COMPLEX, Desert National Wildlife Refuge. This fire is 20 miles north of Las Vegas, NV in grass and brush. Active fire behavior with running and spotting was reported.

SOUTHERN CALIFORNIA AREA INCIDENTS/LARGE FIRES:

SMITH, Sequoia National Forest. A Type 2 Incident Management Team (Smith) is assigned. The fire is burning in the Kiavah Wilderness Area six miles southeast of Onyx, CA in grass, pinyon pine and juniper. Limited access and steep, rugged terrain continue to hamper containment efforts. Minimal fire behavior was reported.

GEO, Joshua Tree National Park. This fire is east of Thousand Palms, CA. Jumbo Rocks Campground has been evacuated and numerous roads are closed. No further information was received.

SOUTHERN AREA INCIDENTS/LARGE FIRES:

TREADWELL LANE, Texas Forest Service. A Type 2 Incident Management Team (Hannemann) is assigned. This fire is 20 miles northeast of Eldorado, TX in oak savanna and pinyon-juniper. Lack of access is a concern. Running fire behavior with rapid rates of spread and short to midrange spotting was observed.

LINDSEY BAY, National Forests of Florida. This fire is five miles southeast of Wilma, FL in southern rough. Extreme fire behavior with spotting and crowning was reported.

OUF – Ouachita National Forest

ROCKY MOUNTAIN AREA INCIDENTS/LARGE FIRES:

RED CREEK, Grand Mesa/Uncompahgre/Gunnison National Forest. This fire is eight miles northeast of Ridgway, CO in timber. Trail closures in the wilderness area are in effect and a Forest Service Road in Cow Creek is closed. Smoke is currently impacting the town of Montrose. Fire behavior consisted of single tree torching and smoldering. The fire is being managed using a confine contain strategy.

LITTLE VENUS, Shoshone National Forest. A Fire Use Management Team (Weldon) is assigned. A transfer of command back to the local unit has begun. This lightning-caused Wildland Fire Use (WFU) incident is being managed to accomplish resource objectives. This fire is 30 miles west of Meeteetse, WY in timber. Structure protection is in place. Group torching and small uphill runs were reported. This will be the last narrative report unless significant activity occurs.

OUTLOOK:

Weather Discussion: High pressure will continue over the West with the greatest concentration of thunderstorms over the Four Corners states. Dry and windy conditions will develop over portions of south-central California into southern Nevada, as well as across the southern Plains. In Alaska, a high pressure ridge will build from the southwest for warming and drying conditions.

Geographic Area Weather	High Temperatures	Minimum Relative Humidity	Wind
Northern California Area Mostly sunny inland, fog and low clouds near the coast.	90s to near 103 in warmer inland valleys.	14 to 25% driest areas.	Afternoon winds mostly 4 to 12 mph, except 5 to 18 mph with gusts 20 to 26 mph in the Bay Area and locally east of the Cascade/Sierra crest.
Southwest Area Partly cloudy with widely scattered thunderstorms across Arizona and western New Mexico. Mostly sunny eastern New Mexico and most of west Texas, with isolated thunderstorms mountains of central New Mexico and southwest Texas.	Upper 80s to near 108 lower elevations. Upper 60s to 80s higher terrain.	15 to 25% lower elevations. 20 to 40% higher terrain.	South to southeast 10 to 20 mph and gusty southern and eastern New Mexico and west Texas. Variable to west 5 to 15 mph with higher gusts remainder.
Eastern Great Basin Idaho, Bridger-Teton: Partly cloudy. Isolated to widely scattered thunderstorms over mountains. Northern Utah: Partly cloudy with scattered mountain thunderstorms. Southern Utah, Arizona Strip: Partly cloudy with scattered thunderstorms.	Idaho, Bridger-Teton: 63 to 80 mountains, 80 to 97 valleys. Northern Utah: 70 to 85 mountains, 85 to 95 valleys. Southern Utah, Arizona Strip: 72 to 88 mountains, 88 to 103 valleys. 103 to 115 low deserts.	Idaho, Bridger-Teton: 20 to 40% mountains, 15 to 22% valleys. Northern Utah: 20 to 30% mountains, 10 to 18% valleys. Southern Utah, Arizona Strip: 20 to 30% mountains, 10 to 18% valleys.	Idaho, Bridger-Teton: Upslope 4 to 8 mph becoming west 5 to 10 mph. Northern Utah: Upslope/upvalley 5 to 10 mph becoming southwest 8 to 15 mph. Gusty and erratic near thunderstorms. Southern Utah, Arizona Strip: Southwest 10 to 20 mph, gusty and erratic near thunderstorms.

Southern California Areas of morning low clouds and fog coastal areas, otherwise mostly sunny.	80 to 95 mountains. 90 to 105 valleys. 95 to 105 upper deserts. 105 to 115 lower deserts.	40 to 60% coastal areas. 10 to 25% valleys. 10 to 25% mountains. 5 to 20% deserts.	Southwest to northwest 5 to 15 mph, except locally 20 to 35 mph Santa Barbara County Coastal mountains early morning.
Rocky Mountain Area Partly sunny with scattered afternoon thunderstorms.	Mid 80s to lower 90s, with 70s to lower 80s mountains.	20 to 25% lower elevations, and greater than 30% in the mountains.	Variable 5 to 15 mph.
Northern Rockies Upper level ridge continues to dominate the area. Expect warm conditions with partly cloudy skies and isolated afternoon thunderstorms. Mid-level moisture will continue to flow around the upper pattern and humidity will be relatively high.	West of divide - 80 to 90. East of divide - 80 to 90. North Dakota - 80 to 90.	West of divide - 25 to 35%. East of divide - 20 to 30%. North Dakota - 25 to 35%.	West of Divide - variable 5 mph. East of Divide - west/northwest 5 to 10 mph. North Dakota - northwest 10 to 15 mph.
Northwest Area No information reported.			
Southern Area No information reported.			
Alaska Area No information reported.			
Western Great Basin Area No information reported.
